

Economy

One of the specialties at the Faculty of Economics and Management of Mingachevir State University is Economy.

Students in this specialty gain the knowledge and skills needed to work in central, regional and local governments, enterprises in the field of production and services, the social sphere and other organizations. Specialists in economics have professional skills such as the application and use of information technology in production management processes, organization and management of the service sector, conducting economic analysis and evaluation of investment projects. Students graduating with a degree in economics may work in relevant departments of government agencies, other business organizations, as well as in enterprises engaged in foreign economic activity.
